Summary

I am an experienced Front End Developer with a strong passion for web development and a dedication to achieving success. I am ready for new challenges and seeking an opportunity to apply my skills and experience to contribute to your company.

Pet-projects

Bank App

- Developed a mobile web application that enables users to manage their finances, perform fund transfers, and monitor transactions.
- Built using JavaScript and TypeScript on the Node.js platform with React library, along with Express.js and other packages for development.

CRUD Application

- Developed a web application that allows users to create, edit, delete, and view products and orders.
- Utilized Express.js for building the server-side logic and Handlebars for generating HTML.
- The frontend was developed using Handlebars and other technologies.

Education

Maintenance of electronic equipment

Kyiv Industrial and Economic College of the National Aviation University

Full stack developer

IT School "IT-Brains"

Additional Information

I am committed to rapid growth and skill enhancement. I am eager to learn new technologies and am enthusiastic about developing user-friendly and creative web applications. My goal is to become an accomplished Front End Developer and continue evolving in this field.

Conclusion

I am ready to bring my enthusiasm and energy to your team. I believe I can be a dependable partner in achieving your goals. I look forward to the opportunity to discuss how I can contribute to your company's success.

Thank you for considering my resume!
